Dear Mr. Payne:

Re: Probable Hydrologic Consequence (PHC) Review, Des-Bee-Dove Mine,  
ACT/015/017, Deer Creek Mine (Including Rilda Canyon Lease Extension),  
ACT/015/018, Cottonwood/Wilberg Mine, ACT/015/019, Folder #2, Emery County,  
Utah

Enclosed please find the Division's review of the Probable Hydrologic Consequence information submitted March 25, 1992 for all three PacifiCorp Mines, including the proposed Rilda Canyon Lease Extension. Issues included in this review pertain to the East Mountain cumulative hydrologic impact area. Resolution of these PHC issues will have an impact on future permitting decisions, including the proposed Rilda Canyon Lease Extension. This review does not include any comments from other state or federal agencies.

The Division would be happy to meet with you to clarify any questions regarding this review. Please call me to arrange this meeting. Please submit the required information by July 15, 1992.

Sincerely,
