Re: Blasting Plan Amendment, Deer Creek Mine, PacifiCorp, ACT/015/018-95E, Folder #3, Emery County, Utah

Dear Mr. Payne:

The above-referenced amendment has been reviewed and found to be deficient. The Surface Blasting Plan for the Deer Creek Mine fails to address the requirement of R645-301-524.430. This regulation states that the permit application schedule will include the notification of local governments of the proposed times and locations of blasting operations. Please modify the Surface Blasting Plan to address this requirement. The plan can be approved when this deficiency is resolved.

I spoke with Karl Houskeeper on May 8, 1995 concerning this deficiency. Please submit the required modification by June 12, 1995. Please don't hesitate to call if you should have any comments or questions.

Sincerely,
