Re: Resistivity Survey, Deer Creek Mine, PacifiCorp, ACT/015/018, Folder #3, Emery County, Utah

Dear Mr. Payne:

The Division is in receipt of your letter and proposal, dated June 7, 1996, to the Forest Service concerning an Operating Plan for Resistivity Surveys proposed to be conducted on East Mountain. Since no surface disturbance is anticipated during the Resistivity Survey a permit amendment is not required and your letter and proposal is sufficient notification to the Division for your to proceed.

For future reference any amendments, proposals, and/or notifications of proposed mining activity within the permit area should be sent directly to the respective mine inspector.

Please call myself at (801) 538-5258 or Joe Helfrich (801) 538-5290 if you should have any questions or comments.

Sincerely,

A handwritten signature in cursive script that reads "Susan White".
Susan White
Sr. Reclamation Biologist
