story that these kids just eat up. It is too difficult to read independently, but one they delight in reading is Durrant.

The Alzheimer's Association has compiled the following additional facts about how women are particularly affected by the devastating disease.

• In the United States, an estimated four million people suffer from Alzheimer's disease.

The number is projected to increase to 14 million by the

lives to an average life expectancy of 80 years.

For women, the lifetime risk is greater than the lifetime risk of breast cancer.

By way of comparison, a male born in 1994 who lives to the average male life expectancy, has a one in 16 chance of eventually developing Alzheimer's disease.

## Manti La Sal National Forest Ferron/Price Ranger District LEGAL NOTICE

#2  
ACT 10/15/018

The Forest Service has been advised by the Bureau of Land Management (BLM) that the terms and conditions of three (3) Federal Coal Leases: U-24319, U-37045, and U-044025 are due for readjustment. BLM regulations 43 CFR 3451 require that all coal leases issued prior to August 4, 1976, be subject to readjustment at the end of the first 20 year period and at the end of each 10 year period thereafter. Lease terms and conditions can be updated or changed by the BLM during readjustment. The leases due for readjustment are: U-024319, located approximately 8 miles northwest of the town of Hiawatha, Utah (T.16S., R.7E.); U-037045 is located approximately 10 miles west of the town of Huntington, Utah (T.17S., R.7E.).

Leases U-024319 and U-044025 are associated with the Deer Creek and Cottonwood Mines, respectively, of Pacificorp. Lease U-037045 is associated with the Starpoint Mine of Cyprus Plateau Mining Corporation.

The Forest Service is inviting public input to be considered for the readjustment of the leases through the scoping process. If you have any comments or concerns or have any questions regarding the project, please forward them to Will Wilson at the Ferron Work Center, PO Box 310, Ferron, Utah 84523, by April 20, 1999.
