Re: Extension of Time to Complete Revised Reclamation Plan, PacifiCorp, Deer Creek Mine, ACT/015/018-99C, File #3, Emery County, Utah

Dear Mr. Semborski:

As you are aware the Division has been working with Pacificorp to correct problems with the reclamation plan at the Deer Creek Mine. A technical analysis was sent to your office on July 7, 1999 wherein you were required to correct a number of plan deficiencies. You subsequently asked for additional time to complete the requirements and we granted a 60 day extension. We received your letter dated September 30, 1999 asking for another extension to December 31, 1999. In a telephone conversation on October 7, 1999 with Dennis Oakley, it was agreed that getting the revised plans in before the holiday season would be in the best interest of everyone. We agreed to an additional 60 day extension. You now have until December 8, 1999 to make the required submittal.

In our July 7th letter we had indicated that we would be returning your original submittal. Unfortunately this was not done, therefore we are returning it at this time. We are sorry for the delay.

Please call if you have any questions.

Sincerely,
