Re: Amendments Originally Submitted to the Price Field Office:

- ☒ Cottonwood/Wilberg Mine Permit to Revise Alternative Sediment Control Areas - Final Reclamation of Miller Canyon and 9th East Portals
- ☒ Deer Creek Mine Permit to Amend Permit Drawings

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby submits two amendments which were originally submitted to the Price Field Office. The *Submittals Format - Utah Coal Regulatory Form* revised on December 13, 1999 indicates that "all mine plan amendments" must be submitted directly to the Salt Lake Office instead of the pass practice of allowing minor amendments to be submitted to the Reclamation Specialist assigned to the mine.

If you have any questions or concerns regarding this amendment, please feel free to contact me at 687-4720.

Sincerely,

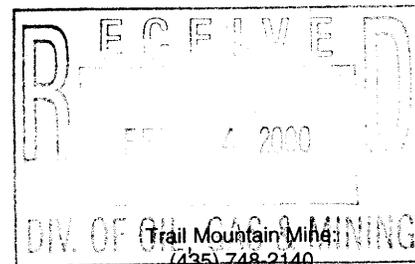

Charles A. Semborski
Geology/Environmental Supervisor
