Re: Water Quality Data, Stipulation #3 in the Mining Permit, PacifiCorp, Deer Creek Mine,
C/015/018, Outgoing File

Dear Mr. Semborski:

The Deer Creek Mine is required to submit water quality data in an electronic format starting with the second quarter of 2001. The water quality data for the first quarter 2001 was received by the second quarter 2001. However, the water quality data for the second quarter was not electronically received at the end of the third quarter. This was verified by discussions with the operator on October 2, 2001 during a partial inspection and also a review of the water database. The Mine Permit dated February 7, 2001 Attachment A, Special Conditions #3 states that the information will be submitted electronically. This information is now considered late. The Division is requesting an electronic submittal of the second quarter water information by October 19, 2001 after which enforcement action maybe taken.

If you have any questions, please feel free to call me at (435) 613-5242 or Pamela Grubaugh-Littig at (801) 538-5268.

Sincerely,

Stephen J. Demczak
Reclamation Specialist
