Subj: Request for an Extension to Respond to the Deficiencies of the Mill Fork Lease,
PacifiCorp, Deer Creek Mine, C/015/018-PM01I.

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West"), hereby requests an extension for responding to the above referenced deficiencies from the February 4, 2002 document. Energy West requests that the Division grant a 30 day extension with the responses due April 15, 2002. Energy West met with the United States Forest Service on March 7, 2002, to discuss issues related to deficiencies received from the Division. Karl Boyer indicated that the Forest Service sent the Division additional concerns in a letter dated February 25, 2002. The Forest Service provided Energy West with a copy of the letter. The requested extension will allow Energy West to incorporate the concerns listed by the Forest Service.

If there are any concerns with this request, please call me a (435) 687-4720 or Dennis Oakley at (435) 687-4825.

Sincerely,

Charles A. Semborski
Geology/Permitting Supervisor
