Dear Ms. Wright:

The Manti-La Sal National Forest has completed the review of Energy West's second revision of the Mining and Reclamation Plan (MRP) for the Mill Fork Lease, ML-48258 (dated November 20, 2002).

This November 2002 revision has not addressed the issues raised in our June 20, 2002 comment letter provided to your office (copy enclosed) regarding deficiencies pertaining to the April 2002 version of the MRP. The Forest Service cannot consent to the MRP until these issues are adequately addressed.

If you have any questions, please contact either Karl Boyer or Carter Reed at the above address and telephone number.

Sincerely,

*for Elaine J. Zieroth*
