RE: PacifiCorp - "Deer Creek" Mine - Volume 10, Chapters II and III Update

Dear Sir or Madam:

This in response to the Utah Division of Oil, Gas, & Mining's (UT-DOGM) September 3, 2003, request for a decision, under 30 CFR 947.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Volume 10, Chapters II and III Update has determined that it revised the text of the chapters to address already completed improvements to an access road leading to a rock waste disposal site at the Deer Creek mine, Utah State permit C/015/018.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR 746.11(a) and 746.18(d). Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Volume 10, Chapters II and III Update with other Federal agencies for compliance with other Federal regulations.

OSM also electronically transmitted the September 3, 2003 request to the Bureau of Land Management and the U.S. Forest Service for their review and comment.

In an electronic transmittal dated September 5, 2003, the U.S. Forest service stated that it had no jurisdiction over or comments on the application.

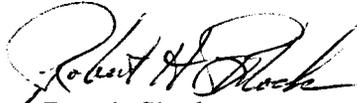

OCT 09 2003

The Bureau of Land Management did not provide any comments in the thirty day time frame established by the Federal regulations under 30 CFR 944.30, Article VI. D.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 844-1400, extension 1500.

Sincerely,
