Dana,

I received a list from Steve Demczak the other day regarding missing samples. Some of the samples were submitted as operational, but somehow didn't get to you that way. I don't know. I re-entered them into the data base. Some of the samples show that they haven't been checked by the operator, but they all have. Go ahead and upload those files.

Site 90 and 91. July samples are only flow measurements

All the other sites (#154 - #365) are not required (e.g. not in our approved monitoring plan)

Call me if you have any questions!
