Hello all,

The clean copy submittal (rec'd Nov 17) inadvertently omitted page 3-3 (reclamation information) and the BONDING calculation pages.

Dennis said he would submit the information when he returns from vacation on Jan 5.

I have a document in DRAFT saying the application is deficient until receipt of page 3-3, but I assume that with Stephanie and Steve out for the holidays, we will not be moving this reponse forward until early January. If we hear from Dennis then I will change my 1770 memo.

Priscilla
