Subject: Amended Text Pages to the Deer Creek Mine, Volume 10 and Volume 2, PacifiCorp, Deer Creek Mine, C015/018, Task ID #1770, Emery County, Utah

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby resubmits amendments to Deer Creek Mine, Volume 10 and Volume 2.

Originally, Energy West submitted an amendment application to revise text in Volume 10 and Volume 2 on August 28, 2003. The permit change was needed to reflect the improved surface of the waste rock site access road.

The Technical Analysis document on this application was received on October 6, 2003. This document found the amendment application contained deficiencies to the Utah R645 Coal Regulations. Energy West requested an extension to respond to these deficiencies on October 31, 2003. The Division granted the request until November 17, 2003. The deficiency response document was submitted on November 11, 2003. The Division reviewed the deficiency document and found that it still contained deficiencies. The Division sent the technical analysis to Energy West on December 22, 2003. Energy West responded to the deficiency document on January 20, 2004 but requested that the documents be sent back. Please refer to Task ID #1770.

Attached with this document are the amended pages to Volume 10 and Volume 2 that comply with the Utah Coal Regulations for improving the Deer Creek Waste Rock Site access road. This road was reclassified from an ancillary road to a primary road within the Deer Creek permit boundary. Seven (7) copies are attached as required along with the required C1/C2 forms for the correct placement of the amended text into the MRP.

If you have any questions or concerns regarding this document, please contact myself at (435) 687-4720 or Dennis Oakley at (435) 687-4825.

Sincerely,

Charles A. Semborski
