Dennis,

I have uploaded all of the remaining sites from the pipeline and attached a report.

I only see one sample that is missing according to the parameters set by the hydro -- Site DCP-1 at Deer Creek. It should have a field sample for December.

Please let me know if you need anything else. I am sure you are glad this quarter's data is in, and even gladder that Alyson will be doing it next quarter!

Thanks,

There are sites ready for upload to the DOGM database.

This should complete the 4th quarter submittal process.
