Re: Submittal of Annual Report for 2004, PacifiCorp, Trail Mountain Mine, C/015/009, Cottonwood Mine, C/015/019, Deer Creek Mine, C/015/018, Des-Bee-Dove, C/015/017, Emery County, Utah.

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company as mine operator, herewith submits the General Section of the 2004 Annual Report.

In March, 2005, Energy West requested and was granted permission to extend the time period of which the Annual Report was to be submitted until May 30, 2005. The reason for the extension request was to allow our subsidence contractor to compile data from the 2004 aerial photogrammetric survey. The data was received by Energy West in May.

However, due to the late arrival of the subsidence data, additional time is needed to finalize complying the 2004 data. Energy West, therefore, wishes again to request and extension to submit the Subsidence Report and Hydrologic sections by June 30, 2005.

In the spirit of submitting the Annual Report in a timely manner only the General Annual Report is being submitted at this time. Please accept our sincere apology for the lateness of this submittal and know that we are working hard to finalize the remaining sections.

Please find enclosed two copies each of the General Section (all forms and activities of the above mines related to coal mining and reclamation monitoring during the 2004 year) Report for 2004.

If there are any questions or concerns please call Dennis Oakley at 687-4825.

Sincerely,

Charles A. Semborski
Geology/Environmental Supervisor
