Subj: Amendment to Update the Surface Facilities Map and Bond of PacifiCorp's Deer Creek Mine, Permit No. C/015/018, Emery County, Utah

PacifiCorp, by and through its wholly-owned subsidiary Energy West Mining Company ("Energy West") as mine operator, hereby submits revisions to the previous submittal dated May 19, 2005 to update the surface facilities map and bond for the Deer Creek Mine Permit.

As per conversations with Division reviewer Steve Demczak, a design for the additional dumpable sediment box has been included on Plate 3-14. With the changes on this map, Plate 3-9 also needed to be revised as well as the diagram (Cross-Sections of Dumpable Sediment Box) submitted as part of the May 19th amendment.

Four copies each of the maps and diagram are being submitted for review. If you have any questions or concerns regarding this amendment, please contact me at 435-687-4825.

Sincerely,

Dennis Oakley

Dennis Oakley
Senior Environmental Engineer
