Dear Mr. Ellis:

The Utah State Historic Preservation Office received the referenced information. After consideration of the consultation request in behalf of the Forest Service, the Utah Preservation Office provides the following comments per §36CFR800.

Section 106 Consultation; USHPO concurs with a determination of No Historic Property Affected. Technical comment, USHPO concurs with the model approach for prehistoric sites, but it would not be appropriate for historic/industrial archaeological properties in the area of potential effects. This information is provided on request to assist with Section 106 responsibilities as specified in §36CFR800. My email address is: jdykman@utah.gov

As ever,

James R. Dykmans
Deputy State Historic
Preservation Officer - Archaeology
