**SIGNIFICANT PERMIT REVISION**

PACIFIC CORP.
DEER CREEK MINE
C/01E/018

ENERGY WEST MINING COMPANY
P.O. BOX 910
HUNTINGTON, UTAH 84528

PacificCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby submits an application for constructing, operating, and maintaining coal mine surface facilities for its Deer Creek Mine. The facilities include, but are not limited to, a bathhouse, warehouse, water/sewer treatment, material storage, mine ventilation fan, and parking. The facilities are proposed to be constructed in Rilda Canyon near the end of Emery County Road #306 which is located approximately 8 miles west of the town of Huntington, Utah. This location is better described as a 13.1 acre site located in the S $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 29, and S $\frac{1}{2}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ W $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28, Township 16 South Range 7 East SLB&M.

Energy West is seeking a permit to mine within 100 feet of Emery County Road #306. This action will require a temporary restriction of use to approximately 1,820 feet of this road. The restriction period will remain in affect for the duration of the coal mining and reclamation activities at this site. The restricted use area begins approximately $\frac{1}{2}$ miles west of the cattle guard on EC #306 and extends through the proposed facilities boundary.

This application includes a request for a variance to Utah Coal Regulation R645-301-232 (Topsoil and Subsoil Removal). This variance request is sought on the basis that it complies with the regulations from R645-302-210 through R645-302-218 (Experimental Practices Mining). The experimental practice is described in full detail within the application.

A copy of the application may be examined at the office of the Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Salt Lake City, Utah 84114-5801 and also at the Recorder's Office located in the Emery County Courthouse in Castle Dale, Utah. Written comments, objections, or requests for an informal conference may be submitted to the Division of Oil, Gas, and Mining address above. Said comments must be submitted thirty (30) days from the date of the last publication of this notice. This notice is being published to comply with the Surface Mining Control and Reclamation Act of 1977, and State and Federal regulations promulgated pursuant to said Act.

Published in the Emery County Progress February 1, 8, 15 and 22, 2005.
