RE: Condition #2 – Deer Creek Mine, PacifiCorp, C/015/0018

Condition #2:

“This special condition is for normal working circumstances and does not apply in an emergency situation: Vehicle access will not be allowed in Rilda Canyon from December 1 to April 15 for construction, maintenance and/or repair of the Rilda Canyon Surface Facilities without prior written approval from the Division. Access will be allowed to the Rilda Canyon Surface Facilities through the Deer Creek Mine portals.”

This special condition was added to the permit in 1994 when the fan portal was added in the Left Fork of Rilda Canyon. This condition is no longer applicable due to the North Rilda Canyon Portal Facilities and is being deleted from the list of conditions.
