Subject: Updated Permit Maps, Energy West Mining Inc., PacifiCorp, Deer Creek Mine, C/015/0018, Task ID #2131, Outgoing File

Dear Mr. Semborski:

The Division received an amendment on January 28, 2005 to update Maps 2-15A and 3-15 for the Deer Creek Mine. These maps were updated using the newer version of AutoCAD™.

The Permittee updated the Rilda Canyon vegetation map (Map 2-15A) to include the access road and surface facilities for Rilda Canyon expansion project.

The Permittee also updated two drawings for Volume 5, Map Packet 3-15, Drawing # CM-10867-DR of the Storm Water Diversion System and Sedimentation Pond and # CM-10593-DR of the Sedimentation Pond Cross Sections. The only changes made were the addition of surface elevation contour lines to Drawing # CM-10867-DR.

The Division considers that the map upgrades do not affect the MRP, or the Division's Master TA. The Division approves the map changes for the Deer Creek Mine effective April 18, 2005. Those federal agencies that received the amendment can simply incorporate it into their existing copy of the Mining and Reclamation Plan.

If you have any questions about this project or would like to request a CD of the unchanged Master TA, please call me at (801) 538-5286 or Jerriann Ernsten at (801) 538-5214.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor
