RE: PacifiCorp - "Deer Creek" Mine - Application for a Permit Revision, Soil Sampling Analysis, Task ID No. 2590

Dear Sir or Madam:

This is in response to the Utah Division of Oil Gas & Mining's (UT-DOGM) August 23, 2006, request for a decision, under 30 CFR 944.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Application for a Permit Revision, Soil Sampling Analysis, has determined that it proposes to add the report and analysis results from the 2002 topsoil/subsoil sampling program to the approved permit application package for the Deer Creek mine Utah State permit C/015/018.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR 746.18(d). Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Application for a Permit Revision, Soil Sampling Analysis, with other Federal agencies for compliance with other Federal regulations.

OSM also electronically transmitted the August 23, 2006, request to the Bureau of Land Management and the U.S. Forest Service for their review and comment.

TAKE PRIDE[®]

RECEIVED

SEP 28 2006

DIV. OF OIL, GAS & MINING

In an electronic submittal dated August 25, 2006, the U.S. Forest service stated in its opinion the permit revision did not constitute a mining plan action requiring Secretarial approval.

The Bureau of Land Management did not provide any comments in the thirty day time frame established by the Federal regulations under 30 CFR 944.30, Article VI. D.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 844-1400, extension 1500.

Sincerely,

A handwritten signature in black ink, appearing to read "Ranvir Singh, acting". The signature is written in a cursive, flowing style.
