Subject: Update Volumes 2 and 10, PacifiCorp, Deer Creek Mine, C/015/0018, Task ID #2764, Outgoing File

Dear Mr. Fleck:

The above-referenced amendment is approved effective March 15, 2007. This modification does not necessitate an update to the Technical Analysis. A stamped incorporated copy of the changes made to Volumes 2 and 10 regarding the guardrail and surface facility map are enclosed for your copy of the Mining and Reclamation Plan.

During the process of reviewing the amendment, the Division noticed that the Division's copy of the mining and reclamation plan for the Deer Creek Mine did not have a complete copy of the reclamation cost estimate. The missing reclamation cost estimates were incorporated into the mining and reclamation plan on June 22, 2005.

The Division requested that the Permittee provide the Division with a copy of the missing reclamation cost estimate and processed the submittal as part of Task 2764. See the Division's deficiency letter dated February 23, 2007.

The Division received the reclamation cost estimate on March 8, 2007 and the C1 C2 forms on March 14, 2007 needed for incorporation. Because the Permittee and other agencies have the reclamation cost estimates that were incorporated into the mining and reclamation plan on June 22, 2005 a copy of that information will not be resent to the Permittee or other agencies.

Sincerely,

*for Pamela Grubaugh-Littig*
