Re: Request for Extension: Annual Report for 2008, PacifiCorp, Trail Mountain Mine, C/015/0009, Cottonwood Mine, C/015/0019, Deer Creek Mine, C/015/0018, Des-Bee-Dove, C/015/0017, Emery County, Utah.

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company as mine operator, hereby request a sixty (60) day extension for the submittal of the 2008 Annual Reports for Trail Mountain Mine, C/015/0009, Cottonwood Mine, C/015/0019, Deer Creek Mine, C/015/0018, Des-Bee-Dove, C/015/0017. This 60 day extension is necessary in order to provide all required data for a complete report.

While compiling subsidence data for the subsidence report, it was found that there was a discrepancy in the contour data received this year from the data received in the past. The problem is that surface elevations were shown to be on average two feet higher over the entire monitoring area. Energy West contacted the subsidence monitoring contractor in February to inform them of the problem. Since that time, the contractor has been working to figure out exactly where this problem lies.

We anticipate resolution of these issues in the near future and will promptly submit the annual report at that time. No data, however, will be submitted until we can be assured that it is the most reliable data available.

If there are any questions or concerns please call me at 435-687-4712 or Dennis Oakley at 687-4825.

Sincerely,

Kenneth Fleck
