icorp, Deer Creek Mine, C/015/0018, Addendum to Move Hole 2008-2

IR is complete and the amendment is ready for review. However, this came in just before I left on vacation and I think the drilling has already been done at the new location.

The Division initially approved the exploration under Task ID # 2944. Task # 2911, which is also this exploration project, appears to be pending (see attached e-mail of 7/11/2008), but I think this is all the same exploration project.

JIM

Hi Jim,

We received the Deer Creek Mine, Minor Coal Exploration - New Drill Hole Location, Task ID #3012 on July 10, 2008. The IR is due on 7/25/08.

Please notify me when the IR is complete. At that point, I will send an email notification to the operator and a team can be assigned.

Thanks!
Angela
