The response is not typical: the Permittee states that one deficiency has been addressed by amending the 4th Qtr Inspection Report for the waste rock site, and the Co River Endangered Fish Recovery Program deficiency does not need to be addressed at this time based on a subsequent communication with Ingrid. I'm approving the IR so that the Tech Staff can proceed to comment.

Hello Jim,

We received the Deficiency Response on the Deer Creek Mid-Term Review. The new Task ID is #3267. Please let me know the new due date to put into CTS.

Thanks!  
Suzanne
