**RE: RAPTOR SURVEYOR QUALIFICATIONS AND RESUMES FOR ENERGY
WEST MINING COMPANY**

Ingrid,

As required by the raptor survey protocol presented in the training class last Thursday, I am attaching qualification resumes for Energy West's raptor survey spotters / navigators. Guy Davis and Kerry Larsen have been our designated spotter and navigator for many years, as shown on their resumes. Both have had training classes (including the training class on 4/22/10) in various aspects of navigation, raptor observation, surveying, and reporting results, with an emphasis on helicopter surveys. Both are uniquely familiar with the East Mountain areas encompassing the Energy West mining operations. Our intent is to use Guy and Kerry as our surveyors during the 2010 survey period; please acknowledge that they meet the qualification guidelines as quickly as possible to enable us to plan this year's survey.

If you require any additional information please call me at (435) 687-4712.

Thank you for your assistance in this matter.

Sincerely,

Kenneth S. Fleck

Ken Fleck
Geology and Environmental Affairs Manager

Enclosures - Resumes for Guy Davis and Kerry Larsen

Guy Davis

Energy West Mining Company
Mine Analyst
P.O. Box 310
Huntington, UT 84528
