Hi Angela,

I could change the dates on all of the entries except these because they previously submitted these differently. I can work directly with the company if you will provide me your contact person and phone or email address.

Other than these discrepancies your packet is finished.

Thanks!

Hi Linda,

Attached is an amendment we received to update the ownership and control information for the Deer Creek Mine. There are a couple of names/dates that need to be added and I noticed that there are some dates in the submittal that do not match dates that are in AVS. Is the notarized form that came with the submittal sufficient to authorize AVS to update this information?...or will we need to request a Secretary's Certificate?

Thanks for your help!
