Amber,

Thank you for preparing the write up for the 1st part of the proposed site assessment work plan. It describes the non-invasive survey work that will be performed at the Byron Howard abandoned mine site location. I will forward this information to PacifiCorp's Deer Creek mine personnel for their reference and response. I hope we can obtain the appropriate authorization to proceed with this work from PacifiCorp, by the tentative dates.

I will notify you if additional information is required and when I receive a response from PacifiCorp.

Thanks again,  
Wayne
