Hello,

The Division received the above-noted application on 10/16/15.

In reviewing the submitted application, the Deer Creek Waste Rock Site has been removed from the Deer Creek mine permit area.

The Division is in the process of reviewing the application submitted by BRC Wellington, LLC to transfer the Deer Creek Waste Rock Site. Until final approval of this application has been given and a permit issued to BRC Wellington, LLC for this site, the site must remain on the Deer Creek permit.

After talking with Daron, he advised that the Division hold on to the application you submitted to update the legal and financial volume. As soon as final approval has been issued to BRC Wellington, LLC, the Division will then process this application.

If you have any questions, please call Daron Haddock at [\(801\)538-5325](tel:8015385325).

Thank you.
