Dear Ms. Dean:

With upcoming personnel retirements and changes within PacifiCorp's mining group who have administered and managed all of PacifiCorp's Utah coal lands, lease holdings and mine permits over the past 43 years, we're providing your office this courtesy letter of where to direct all future correspondence relative to the referenced mine permits. In addition, we will also provide this information through the normal protocol for mine permit amendments. Meanwhile, please note the contact name and address change as shown below for the two reference mine permits:
