Good morning,

As a follow up to my phone conversation with Ken earlier, we're returning the Deer Creek MRP amendment submitted last Tuesday. As the Rilda pipeline is a coal mining and reclamation activity disturbance, DOGM must ensure that adequate bond coverage is in effect (per R645-301-812.700). The amount of bond and the duration that it would be held are areas that we can discuss.

Regards,
Steve
