With this change, PacifiCorp still retains its original corporate identity within the Berkshire Hathaway Energy Company organizational structure. PacifiCorp, an Oregon corporation, remains the same Oregon corporation today as when initially incorporated on August 11, 1987. PacifiCorp continues to operate as a public utility providing electric service to customers in the six western states of Oregon, California, Washington, Idaho, Utah and Wyoming.

Effective June 29, 2015, East Mountain Energy, LLC replaced Energy West Mining Company as mine operator of the Deer Creek Mine. The Deer Creek Mine is no longer a producing mine and is in the process of final closure and sealing of the mine in its entirety. East Mountain Energy, LLC is providing interim day-to-day care while an in-mine ground water management system is put in place and the mine is completely sealed and closed. PacifiCorp has no affiliation with East Mountain Energy, LLC, other than a contractual service agreement to provide interim day-to-day care of the mine until the mine has been closed and permanently sealed or other arrangements have been implemented. All DOGM/OSM permitting, compliance and regulatory matters pertaining to the Deer Creek Mine (permit no. C/015/0018) and the Cottonwood/Wilberg Mine (permit no. C/015/0019) will be handled by our Huntington office staff of Interwest Mining Company, a wholly-owned subsidiary of PacifiCorp and managing agent for PacifiCorp’s coal mine operations in Utah. PacifiCorp owns the following mines in Utah: the Deer Creek Mine and Cottonwood Mine.

The information required by the regulations with respect to PacifiCorp and its officers and directors is contained herein as part of Appendix A.
