Steve/Wayde,

Attached is a signed termination of the Rilda road temporary suspension agreement with Emery County. This is the area that PacifiCorp, in approximately 2006, requested closed to public to make possible its ability to build and operate the Rilda Canyon mine facility. All mining areas have been reclaimed and the road (EC306) replaced to the specifications of the original design. Reclamation was completed in June 2019. The attached letter from the Emery County Commission formerly terminates the agreement between Emery County and PacifiCorp.

Good Morning Dennis,

I have prepared the letter regarding the termination of the agreement regarding Rilda Canyon Road-Temporary Closure. Commission Chairman, Lynn Sitterud, is out of the office for a couple of days and has not signed the letter. If you need the letter today I can ask one of the other County Commissioners to sign it, but if you can wait a couple of days for the letter I can have Commission Chairman Sitterud sign it. What would you prefer?
