Attention: Shheree Wilcox, Secretary of the Board

Dear Scheree:

I received your "Order to Show Cause" No. ACT-015-018 between you and Wilberg Mine--Utah Power and Light Co. and the agreement looks ok to me but because I am not familiar with the mining business I would rely on your good judgement to determine if the agreement is infact ok.

Sincerely,

Kent H. Barton

Shill,

Lets set this up for
23 November hearing. Also copy to
Jack.

Looks like U.P&L will
need to be notified and asked
to appear.

Meanwhile, Brian will
try to get U.P&L to settle the
issue with Seely via a contract
with him similar to Huntington
City and Swisher.

PS. Copy the objection to

In the matter of the Utah Power and Light Co's
Wilberg mine in Emery County, Utah:

No. ACT-015-018

I, Montell Seely, do hereby protest the approval ~~of~~ given to U P & L co. to mine the coal out from under my land until the power company ^{has} posted a bond with a court of competent jurisdiction to cover the damages that will inevitably result when the coal is removed.

It is certain from passed mining operations in this and other areas that subsidence will occur and some if not all of the surface springs will be dried up.
