Dear Mr. Sullivan:

In a telephone conversation with you yesterday you were informed of a memorandum to this office outlining the position of the USGS with respect to private surface ownership overlying Federal coal leases, and of a solicitor's opinion regarding the rights of the holder of Federal coal lease U-040151. The property in which you and your associates hold ownership overlies Federal coal leases SL-070645-U-02292 and U-089923 for which the solicitor's opinion may or may not apply specifically. The terms under which a lease is issued may vary, but generally provide the leaseholder with the right to mine, subject to surface damages.

If we can be of further assistance, please call.

Sincerely yours,

Allen L. Vance
Mining Engineer
