Dear Mr. Feight:

Enclosed are two copies of Utah Power & Light Company's proposed addendum to its 1978 drilling program. Thirteen additional exploration holes are planned.

Will you please transmit one copy of the enclosed proposal to the Office of Surface Mining for its information and use?

An onsite inspection has been set for Friday, August 18, 1978, to walk the sites with company and Government agencies to evaluate the locations. Please contact Allen Vance in this office before noon on Thursday, or meet at the Forest Service office, 10 Carbon Avenue, Price, Utah, by 8 a.m. Friday if you wish to join in the inspection.

Sincerely yours,

*Jackson W. Moffitt*
