Re: Wilberg Mine,
Conditional Final Approval
ACT/015/018

Dear Mr. Heward:

The Division has received from your company copies of petitions for bonding to the Seventh Judicial District Court in and for Emery County. The petitions are for lands owned by seven different property owners, all holding surface ownership over the Wilberg Mine.

These documents, in the Division's opinion, complete the requirements for approval of the Mining and Reclamation Plan under the Utah Mined Land Reclamation Act in that protection is assured to the objecting parties interests.

The plan therefore is herewith issued final approval conditional upon the Federal Government's approval of the mining plan. The mine, as you know, will also be subject to any regulations applicable under the Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87).

Please contact this office if you have any additional questions.

Sincerely,

RONALD W. DANIELS
COORDINATOR OF MINED
LAND DEVELOPMENT
