RE: Time Deadline for Wilberg Mine  
Reclamation Plan

Dear Ralph,

I assume that by now you have received my "Memo to File" dated November 22, 1978. This memo outlined the steps which Utah Power & Light will do as a result of the Board Order issued in Cause No. ACT/015/018.

One thing which I neglected to do was set a time by which Utah Power & Light should have the things done to satisfy the requirements mandated by the Board.

This letter hereby sets a deadline of January 15, 1978, to have these things done. Naturally, finalizing the monitoring program will be delayed until next spring when Mr. Crawford's land will be accessible.

If the January 15, 1978, deadline is not acceptable to you, let this office know. By copy of this letter to Mr. Wadsworth, he will also know of the deadline and should similarly contact us if the date is not acceptable.

Very truly yours,

*Ronald W. Daniels*
