Dear Mr. Hardaway:

Attached are six additional copies of Utah Power & Light's Exploration Permit Application for our Cottonwood Portal. One copy has been forwarded to you by Mr. Mike Thompson of Utah's Division of Oil, Gas, and Mining. Mr. Thompson requested that I forward six more copies of this application as per the request of your personnel.

The delay in sending these additional copies was because we ran out of copies and it was necessary to have these six assembled.

If you have any further questions, please contact me.

Sincerely yours,

Karl D. Gurr/lw
