RE: Wilberg specifications.

Dear Steve:

Enclosed are copies of the specifications and designs for Utah Power and Light's Wilberg Mine sediment pond.

I talked with Karl Gurr with Utah Power and Light about discharge structures. He indicated that these plans were not yet completed and that they were being done "in-house." As soon as they are received by this Division, we will forward copies on for your review.

Sincerely,

THOMAS J. SUCHOSKI
RECLAMATION HYDROLOGIST
