RE: Utah Power & Light Company
Sediment Pond Designs
Wilberg, Church and Deer
Creek Mines

Dear Mr. Crane:

Utah Power & Light Company has previously submitted sediment pond plans to the Division, developed in consultation with our staff, for their three mines listed above. In turn, the Division has forwarded copies of the plans to Region V of the U.S. Office of Surface Mining.

The Division is presently completing our final review of the plans and would appreciate receiving your office's comments, if any, prior to June 15, 1979.

Complete copies of the Wilberg sediment pond plans are being forwarded to your office under separate cover.

Thank you for your cooperation.

Sincerely,

K. MICHAEL THOMPSON
ENGINEERING GEOLOGIST
