Re: ACT/015/027
Cottonwood Canyon Portal

Gentlemen:

This will confirm my recent telephone conversations between Mr. Daniels of your office and Mr. Shingleton and myself of this company relating to the order in the above matter. That order provides that we will commence reclamation activities within forty-five days from the date of the order or submit a proposed plan to conduct further activities within thirty days from the date of the order. The order purports to be dated August 28, 1980. This conforms to the mailing date. The order was received by this company on September 3.

It is our plan and intention to construct a ventilation shaft and fan at the Cottonwood Portal site and we are submitting a completed application to the Office of Surface Mining and the Division of Oil, Gas and Mining for that purpose. We will have complete plans submitted to the Division within thirty days from the date of mailing of the order.

If the foregoing does not conform to your understanding, I would appreciate it if you would let me know immediately.

Very truly yours,

Ralph L. Jerman
