DIVISION OF
OIL, GAS & MINING

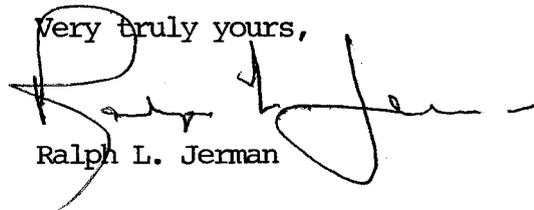

Dear Mr. Smith:

In accordance with existing regulations, Utah Power & Light Company hereby submits, under separate cover, thirteen (13) complete copies of an application modifying the Wilberg Coal Mine Permit to include Federal Lease U-47978.

The permit to construct the access to this lease through the Wilberg Mine was granted September 1982. This work is underway and is scheduled for completion in October 1983.

We wish to emphasize the importance of being permitted by this date as future coal production is based on entry of this lease.

Very truly yours,

Ralph L. Jerman
