Mr. James W. Smith, Jr.
Coordinator of Mined Land Development
Utah Division of Oil, Gas & Mining
4241 State Office Building
Salt Lake City, UT 84114

Dear Mr. Smith:

This letter will document our concurrence in Utah Power & Light Company's request for a modification to the Wilberg Mine's approved waste rock disposal area. We agree with your determination that raising the fill height in the containment structure does not constitute a major modification of the mining plan.

I understand that our file is complete on this action except for three maps which UP&L forwarded to us on March 8th, at Mary Boucek's request. Unfortunately, we have not been able to locate the missing maps, and since it is essential that we keep both our files here and the Albuquerque Office's files up to date on all modifications, I must ask that UP&L send another set of maps.

If you have any questions please contact me at (303)837-5421 or Shirley Lindsay at (303)837-5656.

Sincerely,

Allen D. Klein
Administrator
Western Technical Center
