Memo to Coal File:

RE: Utah Power & Light Company
Wilberg Mine
ACT/015/019, Folder No. 2
Emery County, Utah

The attached compliance schedule letter for the above-referenced mine was returned to the Division by the Office of Surface Mining (OSM). The OSM would not accept the Division's proposal for a more reasonable and achievable permit application review and approval schedule of this federal mine for which OSM has assumed lead review responsibility. They instead forwarded their own letter and compliance schedule.
