RE: Request for Informal Conference

Dear Dr. Nielsen:

This letter constitutes a request for an informal conference in the matter of the application for an underground mining permit for the Wilburg Coal Mine, Emery County, Utah.

It is requested that said informal conference occur at the locality of the mine area and should address all items previously raised by Mr. Ted Crawford of Salt Lake City, Utah. Various protests and concerns have been raised by Mr. Crawford, including protest dated July 27, 1981, protest to the State Engineer on spring and water monitoring on the property, the schedules of mining beneath his property, the water replacement plan, possible violation of UMC 817.57 and UMC 817.54, possible violation of Section 784.20 requiring a subsidence control plan, inaccurate monitoring records on water and subsidence, review of compliance with Section 515 and 510C, as well as miscellaneous concerns previously raised.

Please notify me as soon as possible as to the date for the informal conference so that possible on-site inspections might occur.

Sincerely,

HILLYARD, LOW & ANDERSON
