Re: Wilberg Mine Sediment Pond Discharge  
NOV 86-8-7-1 (~~Non-Compliance~~ T.D.S. Level)

Dear Mr. May:

As requested per our meeting held last Wednesday, June 4, 1986, concerning the NOV mentioned above, attached are work orders and time invoices showing proof and verification that UP&LCO has been acting in good faith in making attempts to remedy the on-going high T.D.S. levels associated with the Wilberg sediment ponds, by constructing a road salt storage bin and by pumping the ponds.

UP&L appreciates your help and assistance concerning this matter. If any other information is required, please call.

Sincerely,

C. E. Shingleton  
Director of Permitting,  
Compliance & Services  
Mining Division
