Dear Mr. ^{Chris} Shingleton:

Re: Mid-Term Review, Wilberg Mine, Utah Power and Light Company,
ACT/015/019, Folder #2, Emery County, Utah

This letter is to notify you that the Division is initiating the mid-term review on the Wilberg Mine pursuant to UMC 788.11. In order to complete the review before the January 6, 1987 deadline, the following schedule is proposed:

- 9-24-86 DOGM initiates mid-term review.
- 10-14-86 DOGM completes review of current MRP and permit changes made subsequent to permit approval.
- 10-16,17-86 Site visits by DOGM staff to ascertain compliance with all permit conditions and MRP commitments.
- 10-31-86 DOGM notifies UP&L of any updates or changes needed in the MRP.
- 12-5-86 Responses to update or changes requested due from UP&L.
- 1-6-87 DOGM finalizes mid-term review and makes appropriate findings.

In response to your letter of September 15, 1986 regarding making the temporary crane pad a permanent structure, the Division concurs with incorporating this into the mid-term review process. Please find attached a memo to file from Phil Ralphs delineating the permitting aspects that this amendment will need to address.

Thank you for cooperation in this upcoming review.

Sincerely,
