RE: Relocation of Security Guard Shack Amendment, Response Submitted November 5, 1987, Utah Power and Light Company, Wilberg Mine, ACT/015/019-87A, Folder #2, Emery County, Utah

I reviewed the Utah Power and Light submittal received November 6, 1987, regarding the above-mentioned amendment. The submittal addresses reclamation and the reclamation cost. The security guard station is on skids and will be removed from the site. The ripping and seeding costs will be minimal and will not require an adjusted bond amount for this amendment.

The amendment submitted should be approved, insofar as the deficiencies outlined in my July 6, 1987 deficiency memo (copy attached).
