Dear Mr. Christensen:

Re: Final Approval of PAP Amendment, Relocation of Security Guard
Shack, Minor Road & Surface Drainage Changes, Wilberg Mine,
ACT/015/019-87A, Folder #3, Emery County, Utah

The Division received Utah Power & Light Company's conditional approval response to the above referenced PAP amendment November 6, 1987. The plans were reviewed by Division hydrologist, Tom Munson, and mining engineer, Pam Grubaugh-Littig. This letter will serve as the Division's final approval for this permit change application. Utah Power & Light Company has now adequately addressed all of the conditions required by this office to finalize permitting action.

Thank you for your cooperation and prompt response in completing this permitting action. As always, please call should you have questions or need additional information pertaining to this review.

Sincerely,

D. Wayne Hedberg
Data Management Coordinator
